Difficult to evaluate the quality of fruit PAIN

Not many platform to sell directly to consumers

the nutrition

i don't know

Do not trust the

sales personnel

to provide the

genuine organic

products

value of food take oily and

some times i

salty food

many times i

search no

healthy food

in the internet

Poisoning due to pesicides

Product stability GAIN

No worries about food

Speed operation

now a days people become more addicted to non-vegan food

people become more healthy and confident

Need to have high quality food

cannot decide which fruit to take

WHAT DO THEY SEE?

WHAT DO THEY SAY AND DO?

WHAT DO THEY THINK AND FEEL?

WHAT DO U HEAR?

you need eat

You need to eat this fruit to gain high nutritional value

also do that

Increased pesticides and chemicals also harm the farmland

> I want to be healthier

Ineeded to plan my diet properly

it is difficult to know nutrition value

more salades to lose weight

you need to consult a dietician to be healthy

I lost 10.0 pounds in 3 weeks .so u can
